Value of the Month

Throughout March we will be learning about and encouraging:

Creativity

It is a way of thinking in which we look at familiar things with a fresh eye, examine a problem with an open mind about how it might be solved, and use our imagination rather than our knowledge to explore new possibilities.

- more interested in discovering things for yourselves
- more open to new ideas and challenges
- more able to solve problems
- can work well with others
- more effective learners
- have greater ownership over your learning

Spring Term

What a very cold and unexpected end to February! Just when we were beginning to think about Spring. Year 4 have some amazing ideas to revamp the school garden and turn it into a haven for wildlife. Hopefully, the snow will melt and they can move forward with their plans. If you have any old bird feeders, seed, gardening implements or bird baths that you wish to donate, I am sure Year 4 and Mrs Clarke would be very appreciative. Also, if you feel you could volunteer some time to help with the ground preparation, please let us know.

Parents Evening

It was absolutely marvellous to see so many of you at parents evening this week (despite the snow). We value your feedback (via the questionnaire) and I will share the results with you once they have been analysed. So far, they look extremely positive – thank you! Apologies for postponing the second consultation evening but I'm sure you will agree that the safety of staff, pupils and parents takes priority. The evening has been rescheduled for Wednesday 7th March (the same timings apply).

Of course, if you have any concerns or ideas we are always more than happy to listen, please feel free to talk to me before and after school, or ask at the office to arrange a time to pop in for a coffee and a chat. You don't have to wait for parents evening!
