

Basic Life Support

Corby Library

Monday 13th November, 10am-12pm

Age Range: Adults and teens

In an emergency situation, would you know what to do? Come along to a FREE Basic Life Support session with North Northants Community First Responders Team. They are a lifesaving partnership with the East Midlands Ambulance Service, who are despatched by the 999 ambulance control room. They'll be showing people useful skills like CPR and how to use defibrillators (AED). Learn from real-life demonstrations and build your confidence in knowing what to do if someone you know collapses.

To book: either

Email: corby.libraryplus@northnorthants.gov.uk

Message our Facebook page,

Call: 0300 126 3000

Or ask at the library desk, or drop in and chat to us at the library desk.

Address: Corby Library, Corby Cube, Parkland Gateway,
George Street, Corby, NN17 1QG
